

IT

Queste apparecchiature non solo completano la funzionalità di un banco pizza, ma possono essere usate anche da sole, posizionandole sopra i tavoli preparazione, tramite piedi, staffe per fissaggio a parete o alzate e scegliendo tra le profondità di 32 o 38 cm. Inoltre si possono utilizzare senza vetri o con vetri piani o curvi e possono contenere diverse combinazioni di bacinelle GN in acciaio inox o polycarbonato. La vasca è in acciaio inox con finitura esterna satinata scotch-brite. L'isolamento è realizzato con schiuma poliuretanica ad alta densità (40 kg/mc). Inoltre il motore è a destra di serie ma su richiesta può essere fornito a sinistra.

This equipment does not only complete the functionality of a pizza counter, but can also be used independently, on preparation tables, by means of feet, wall fixing brackets or backs. Available depths are 32 cm and 38 cm. The range consists of glassless, flat-glass or curved-glass models and comes with different stainless steel or polycarbonate GN container combinations. The container is in stainless steel, while the external finish is satin-finish scotchbrite. The units come with high-density polyurethane insulation (40 kg/mc). In addition, the drive is positioned on the right, but, on demand, can be installed on the left.

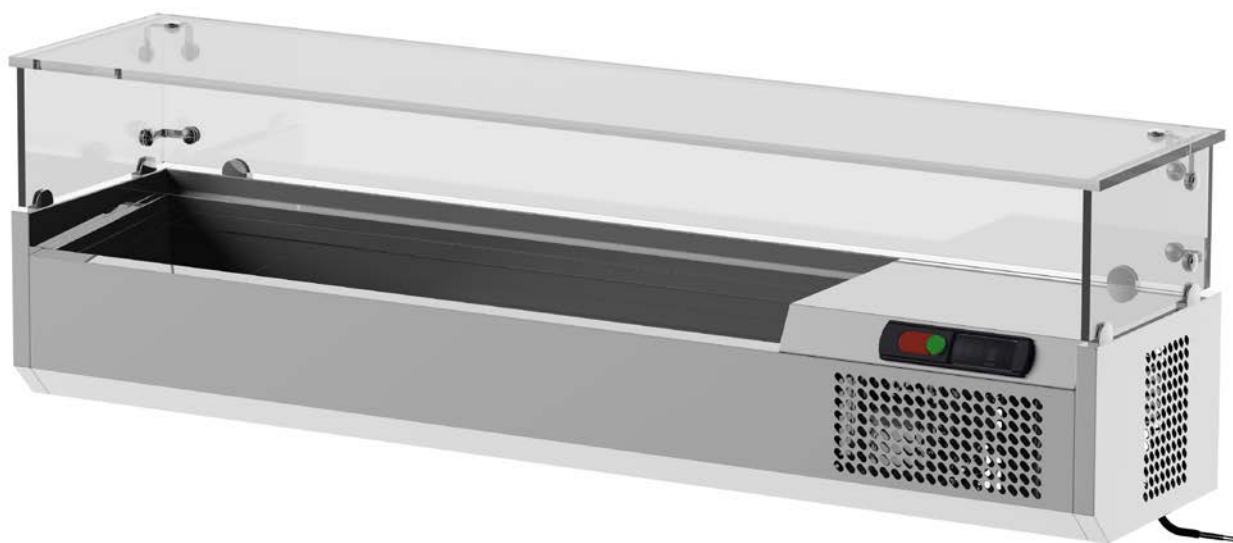

EN

FR

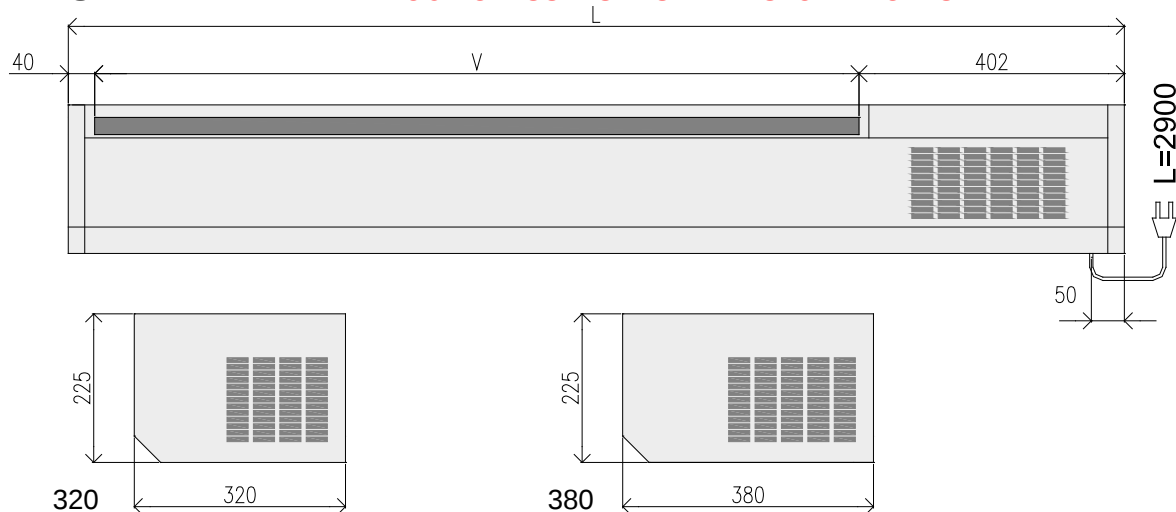

Ces appareils ne remplissent pas seulement le rôle d'une table à pizza, mais ils peuvent être également employé en position table de préparation, par des pieds, ou étriers pour fixation au mur et avec le choix entre les profondeurs de 32 ou 38 cm. En outre on peut utiliser sans vitrine ou avec vitrine les plans de travail et on peut organiser différentes combinaisons de petits bacs à garniture GN en acier inox ou en polycarbonate. Le bac est en acier inox avec finition extérieure scotch-brite. L'isolation est réalisé en polyuréthane expansé à haute densité (40 kg/mc). En outre le moteur est à droite mais sur demande il peut être fourni à gauche.

Diese Geräte ergänzen nicht nur die Funktion eines Pizzatischs, sondern können auch allein verwendet werden, indem sie über den Vorbereitungstischen mit Füßen, Wandhalterungen oder Aufsätzen befestigt werden; sie sind in den Tiefen 32 oder 38 cm erhältlich. Sie können ohne Glasscheiben oder mit flachen oder gewölbten Glasscheiben verwendet werden und können mit verschiedenen GN-Schalenkombinationen aus Edelstahl oder Polycarbonat eingerichtet werden. Das Edelstahlbecken ist außen mit Scotch-Brite-Satinierung veredelt. Die Isolierung besteht aus hochdichtem Polyurethanschaum (40 kg/m<sup>3</sup>). Der Motor ist serienmäßig rechts angeordnet, kann jedoch auf Wunsch auch linksseitig geliefert werden.
