

Snack units are made of AISI 430 stainless steel with AISI 304 top plate. All snack units include pressed top plate or basins with round internal angles and ergonomic front panels. All connection points are located on the device rear side. Wide selection of models and options helps in setting up a compact customized configuration.

- Tanks with depth for GN 200 mm
- Separated regulation of each baths
- The drain is placed under the baths - more safety
- Signalling of the heating elements with an indicator
- Drain 1/2
- Operating thermostat 30-90 °C
- Static or wheeled version
- Pressed basins with ergonomic inner shapes and angles for easy cleaning and maintenance
- Ergonomic control panel on a shorter or longer side of the device
- Lower cabinet as a storage space (heated or neutral)

Index	Model	mm	kg	V / Hz	kW	GN	Control panel	Wheels
