

# Milkshake mixer - Design by Bronwasser

221624

Designed by Dutch Designer Robert Bronwasser and available in 6 attractive colours. Make Freddo cappuccinos, Frappés and of course milkshakes without effort. The housing is made from ABS plastic. The base is weighted for extra stability and is fitted with rubber feet. The motor can spin the agitator disc at two speeds, 15.000 and 19.000 RPM. Control the milkshake mixer with the two-speed switch on the top which is easily accessible. The milkshake mixer is fitted with a micro switch so it can only operate when the cup is properly placed. Choose between two different stirrers to control the level of aeration. Very complete, comes with a stainless steel mixing cup (usable volume: 0.5 liter) and polycarbonate mixing cup (usable volume: 0.5 liter) and 2 sets of 2 stirrers. Cups and stirrers are dishwasher safe.

## Specifications

|                    |                                                                               |
|--------------------|-------------------------------------------------------------------------------|
| Usage area         | : Kitchen                                                                     |
| Voltage            | : 220-240                                                                     |
| Protections        | : Micro switch                                                                |
| Serie              | : designed by Robert Bronwasser                                               |
| Materials          | : ABS (Acrylonitril-butadien-styrene),<br>Stainless steel, PC (Polycarbonate) |
