1 PARTS IDENTIFICATION

00000 - UNIVERSAL CUP DISPENSER (ADJUSTABLE)

	black	grey	
POS.	ITEM NO.	ITEM NO.	DESIGNATION
1	n/a	n/a	Tupe assy
2	n/a	n/a	Piston assy
3	27800474	27021559	Head assy
4	27021560	27021560	Silicone tab
5	n/a	n/a	Dial ring
6	27028463	27028463	Kit (red gauge & red gasket)

2 INSTALLATION

Installation can be viewed on our Youtube channel: Franke Adjustable Dispenser Installation.

Note:

To determine the cabinet thickness, use the gauge provided in plastic bag taped to the end of the tube. If the slot in the gauge can pass over the metal proceed to step 1, otherwise use the red gasket, then proceed to step 1.

(All installation figures apply to black and grey version)

Step 1: Tube Assy Installation

Select one edge to be top and push into place.

Make sure all 4 clips snap into cabinet (housing surface must be smooth and level without any distortion).

Push small tube backward to touch cabinet back panel.

Schritt 2: Piston Assy Adjusting

Adjust the spring length by rotating the core, the spring tension is correct when the piston is just out of mouth, as the spring touch to the end.

Step 3: Head Assy Mounting

Push piston assy into tube assy.

Place head assy over piston and align with hooks, push head against face until 4 hooks snap.

3 OPERATION

Turn dial ring to select position 1, 2, 3 or 4.

To get the best dispensing performance, select correct position from list on the front of the plastic piston (see fig. below).

Position 1

Position 2

Position 3

Position 4

4 DISMANTLE

Step 1: Remove Head Assy, Piston Assy

Release 4 hooks: Use flat head screw driver to push hooks into recess.

Remove head assy, remove piston assy.

Step 2: Remove Tube Assy

Release 4 clips: Push each clip toward center, then remove the tube assembly.

5 CLEANING

- Wash the components in mild detergent. **ATTENTION: Do not** clean in the dishwasher!

6 ACCESSORIES (AVAILABLE SEPARATELY)

POS.	ITEM NO.	DESIGNATION
1	27025152	Splash guard (3 pcs.)
2	27025153	Converter, Ring for 44 oz. hole

Splash Guard Installation

Align the guard to the gap.

Cover the gap.

Converter Ring Installation

Stick the ring on the hole, bend the tabs over to hold it in place.
