

DECLARATION OF COMPLIANCE FOR FOOD CONTACT
SILIKONE Bagemåtte S01

Product: Silicone LSR coated glass fabric coated both sides
Thickness: 0,57mm
Weight: 760gr/m²
Temperature resistance: -70°C to +280°C

Non-stick, flexible silicone mat makes for a great surface to prepare dough and pasties. It replaces parchment paper and greasy sprays when used in the oven for baking and dissipates heat rapidly to burning of cookies or pastries. Produced from FDA approved materials, it is safe for use in conventional ovens up to 280°C.

How to use: It should be dry and clean before use. Do not grease. Never use sharp objects over on it. Do not cut. Do not fold. Wipe the silicone mat with a damp sponge after use. Warm water can be used for washing. Do not use scrapers or brushes for cleaning.

Silicone baking mat S01 complies with the Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food, with the LFGB (Lebensmittel-, Bedarfsgegenstände- und Futtermittelsgesetzbuch) and the BfR recommendation XV (Silicone)

Provided the materials is used to the specifications the total migration shall meet the limit of 10 mg/dm²
Ecoparc 2 – 27400 Heudebouville / France:

Distilled water	2 hours at 100°C
Acetic acid 3%	2 hours at 100°C
Iso-Oktaan	4 hours at 60°C
Ethanol 95%	6 hours at 60°C

Test report no FRAJ19002566-M1 Dated 22.10.2019

Further tests performed on heavy metals, polycyclic aromatic hydrocarbons, extractable components, content of tin organic compounds, volatile organic compounds and peroxides confirm the suitability for food contact. The tests have been performed by Intertek Consumer Goods GmbH, Würzburger Str. 152, 90766 Fürth / Germany; Test report no FUFDC 1211438-2RO

Traceability as required by the Regulation (EC) No 1935/2004 is ensured by the article style and lot number declared on the packing.

The products are manufactured under the certified quality management system according ISO 9001:2015 (Certificate no 44 100 073558, issued by TÜV Nord) according the rules for good manufacturing practice for materials and articles intended to come into contact with food as described in the regulation (EC) No 2023/2006

This declaration is valid for our products are described herein. By observing the above regulations we have fulfilled our duty of care regarding the conformance of the products governing food contact applications. It is the responsibility of the user to test the suitability of our products for the intended food contact applications.
